

Dear {Name},

I'd like to attend Dynatrace Perform 2027 in Las Vegas this February 16–18.

Perform is where I can train directly with Dynatrace product experts and bring back insights our team can put to work right away, helping us drive success in the agentic era.

Here's why it's so valuable:

Two full days of keynotes, learning sessions, and platform announcements

1:1 time with the makers in expert-led workshops and breakout sessions

Hands-on training and on-site Certifications

Networking with thousands of SREs, developers, and AI practitioners solving the same problems we are

If I register by October 31, I get the lowest price of the year on the event pass (\$1195) — plus a second pass free to bring a colleague.

After the event, I can put together a summary of key takeaways and how we can apply them to our work.

Thanks,

{Your Name}
